

Ghost II Immobilizer Manual

Entering your Disarm Sequence

1. Turn your vehicles ignition on.
2. Enter your disarm sequence.
3. Wait for the vehicles indication to flash twice.
4. Put your foot on the brake and start the vehicle.

If this does not work then turn off the ignition, wait 10 seconds and start again at step 1.

The Ghost automatically returns to the armed state after 3 to 30 seconds with your vehicle ignition off, this timing is vehicle dependent.

Service/Valet Mode

The Ghost has a service/Valet mode when it will not require the disarm sequence to be entered before starting or driving your vehicle.

The Service button is given to you by the installer.

1. Switch on the vehicle's ignition.
2. Enter your disarm sequence.
3. Wait for the 2 indication flashes.
4. Press the service button 5 times.
5. It will confirm service mode by flashing back the indication 5 times.

To exit service mode, you can switch ignition on and enter your disarm sequence and wait for 2 flashes.
